

PHOEBE WANG

Austin, Texas | phoebe.w@utexas.edu | (281) 910-1066 | [linkedin.com/in/phoebe-yw](https://www.linkedin.com/in/phoebe-yw) | U.S. Citizen

EDUCATION

The University of Texas at Austin, Austin, TX

May 2028

Bachelor of Science in Computer Science, GPA: 3.3

Relevant Coursework: Data Structures & Algorithms, Computer Organization & Architecture, Probability & Statistics, Linear Algebra

SKILLS

Technical: Java, C, C++, Python, ARM64 (AArch64), Git, GDB, Linux, HTML/CSS, Arduino

EXPERIENCE

DELL TECHNOLOGIES' EXCEL WITH DELL PROGRAM

February 2026 - Present

AI Strategist

- Selected as 1 of 51 students from 325+ applicants for competitive AI-focused development program
- Collaborated in a team-based AI case competition, translating technical solutions into scalable business use cases
- Analyzed KPIs, financial metrics, and short-term projections, creating visual dashboards in Tableau to communicate insights
- Engaged in technical coaching with Dell SMEs on data infrastructure, project management, and software development

FRESHMEN LEARNING RESEARCH INITIATIVE – ROBOT LEARNING

January 2026 - Present

Undergraduate Researcher under Dr. Junhong Xu

- Reproduced and extended a reinforcement learning-based unified force-position control policy to evaluate generalization across contact-rich manipulation tasks in simulation using the Robot Operating System (ROS)
- Implemented kinematics, RRT motion planning, imitation learning in Python and PyTorch to simulate autonomous behavior
- Processed data and analyzed robot trajectories, force estimation, and task performance using Matplotlib

TEXAS CONVERGENT

September 2025 - December 2025

IoT Subteam Member – Health Tech Division

- Built “Proxi,” an IoT smart glasses system using Raspberry Pi and machine learning to monitor screen distance and reduce eye strain by detecting and analyzing data on whether users are viewing a phone, laptop, or TV
- Developed a mobile app using React Native, Expo, and MongoDB to track user behavior and deliver real-time alerts

MIT BWSI SUMMER PROGRAM FOR CYBER OPERATIONS ADVANCED COURSE

June 2023 - July 2023

Team Leader

- Selected as 1 of 25 students nationwide for a highly competitive cybersecurity program; appointed as 1 of 5 team leaders.
- Studied undergrad/grad-level cybersecurity topics: networking, system administration, malware analysis, digital forensics, offensive security; utilized various tools such as Kali Linux Virtual Machine, VirusTotal, BeEF, Wireshark, CyberChef
- Completed capstone project investigating criminal activity via open-source intelligence gathering

PROJECTS

GOVSAFE - HACKTX

October 2025 - October 2025

- Developed an AI-powered Chrome extension in a 24-hour Hackathon to simplify government websites for elderly users.
- Integrated Gemini API for webpage summarization and ElevenLabs API for natural voice synthesis
- Built intuitive, accessible UI with HTML/CSS/JS, enabling users to autofill forms and navigate online process independently

LIGHTALERT

August 2024 - May 2025

- Developed motion-activated visual alert system for individuals with hearing disabilities in Engineering Design & Development Capstone class; Selected as one of the Top 5 teams to present at the district STEM Showcase
- Programmed and integrated Arduino Uno with C++, a PIR motion sensor, and an LED strip to achieve a reliable, real-time alert system with a 6+ foot visibility range

PYTHON FACE RECOGNITION ATTENDANCE PROJECT

February 2025 - April 2025

- Developed a Python-based face recognition system with automated attendance tracking
- Implemented OpenCV (Computer Vision Library) and Dlib for accurate facial landmark detection and embeddings

LEADERSHIP & COMMUNITY INVOLVEMENT

ENGINEERING ACADEMY

August 2021 - May 2025

President, Director of Activities

- Led STEM organization of 350+ students program and coordinated large-scale academic events
- Spearheaded the organization of the Engineering Career Fair, providing students with hands-on exposure to STEM careers
- Facilitated a \$25,000 fundraising campaign via VerticalRaise in collaboration with the Parent Booster Club
